**Dikshant Thapar**

It was a wonderful experience getting 8 bands effortlessly under guidance from BetterThink. They provide excellent teaching method with classroom training and online testing. I am really thankful to all team members who helped me achieve my desired score and helped improve my fluency in English. I would also like to mention about BT App and the remedial testing which provided me extra bit of support to improve my mistakes and hence getting desired results.

I had a fantastic learning experience at BetterThink. I really can't thank my teachers enough for their valuable feedback. All the tips the teachers gave me throughout the course helped me score good marks in PTE.

BetterThink is a professional institute which guides its students methodically to achieve their required scores in IELTS. Well planned study material and use of mobile app are really helpful. Faculty here is very helpful and encourages students to ask more questions. People here are eager to get feedback so that they can improve more. Yes, they really plan to convert dreams into reality and hence the name 'BetterThink'.

Excellent staff and state of the art classrooms. I am grateful to my teachers for helping me during the course and for their valuable advice. All this helped me to score excellent marks in PTE.

**Harmanpreet Kaur**

I joined BetterThink for IELTS preparation two months ago and I was so nervous about whether I would be able to score good bands. But the teachers helped me a lot to improve my Speaking and Writing skills. Their hard work and dedication helped me score 7 bands in IELTS. The Remedial Tests had been of great help in improving my performance. I, hereby, thank BetterThink and the whole team for helping me achieve my goal.

**Shriya Goyal**

I am very grateful to my teachers for helping me in achieving such an excellent score. Staff members are very helpful. If you come up with any enquiry, teachers will always help you in a very polite manner. I had a great experience in this organisation.

**Divya Bhalla**

I would like to thank BetterThink for providing me with such an ambience, which had been instrumental in clearing my PTE exam. I scored 7 bands in each module and the credit goes to BT faculty, Online Testing platform, continuous feedback and doubt clearing sessions.

**Prakriti Nagpal**

I am really grateful to the faculty of BetterThink for providing me with expert guidance on all the modules and upgrading my skills, which has proved instrumental on my Test Day. Further, the Remedial and Sectional tests gave me an insight about my weak areas, and online test-practice at TCYonline.com further helped me a lot in improving my skills. I was able to clear my IELTS exam with great band scores. I am very thankful and elated....

### BetterThink launches unique technique for IELTS/PTE writing

BetterThink, the largest IELTS and English learning program in India, has introduced a unique technique to boost the result of students appearing for IELTS, PTE and TOEFL. Generally, the teaching/checking faculties in IELTS institutes, while evaluating a student's written assignment, register their comments on the student's writing sheets. It becomes practically impossible for the student to preserve all such sheets with comments and suggestions. Most of the students lose these sheets much before their exams and are therefore unable to score well. Keeping this challenge in view, BetterThink has introduced online checking mode for IELTS writing section. This is a blessing for all students as they will be able to store their writing sheets for a long time and can refer to them on the click of a button. This will help the students revise all their test papers and correct the mistakes committed in them so that they take their exams with confidence and high hands.
